
Organizing Your Business Trip in China

--- A successful service for Israel client's visiting China

Date: July 10th, 2017 wrote by Mrs. Hattie, owner of HK Zhihao International and General Manager of LZJX,

Again, another very successful organizing business trip service for our Israel buyer.

Totally 6 days, we switched cities of Guangzhou, Jiangmen, Shunde, Foshan, Wenzhou, Nantong and Shanghai, visiting Chinese factories producing faucet, shower panel, shower head, shower room, massage bathtub, family swimming pool, stainless steel pipe/valve & pipe fittings, making our clients well understand a full picture about different scale Chinese factory situation (famous brand factory, middle size factory, OEM factory and small factory etc), Chinese factory production process, quality control, products guarantee & service, price level with different quality standard etc. A reasonable and efficient time schedule, visiting routing, hotel booking, commercial car rent combined together, greatly saving time to reach our visiting goal, really an excellent experience!

A trip finished, but business is still on the way to move ahead by our professional assistant from China. God bless, everything will go smooth to a success!

Our service is always tailored by global clients.

Service value: Saving your precious time to manage your focus based on target orientation.
